

Instructions for completing the 2010 Membership form

COMPLETING MEMBER DETAILS

Please note that ALL details MUST be filled in, this includes car details. Our club database has become very messy over the last 5+ years due to members not noting down their CURRENTLY owned cars. Please help us clear this up by completing the form for ALL cars that you own. This information is kept in strict confidence and NOT distributed to anyone. It is purely for purposes of determining Full or Associate membership.
